BE A GOOD SPORTSMAN

Enjoy your sports career as a roller skater. Play the game win or lose, be a sportsman. Remember that only one person can win. If you have the good fortune to win — win gracefully. If you lose, be a sport — congratulate the winner.

Remember that the judges and officials of a competition are not paid to perform their duties. They do so only because they enjoy serving. Very few, if any, care whether one or another contestant wins. They mark the score as they see it. They deserve the utmost confidence from every skater, and every spectator.
